

OWN A BINDER

Get your grain cut when it is ready. Don't wait until it gets too ripe and have it shatter. You lose too much profit by depending on your neighbor to cut your grain on time.

**Buy a McCormick
or Deering**

Grain binder and be assured that your grain is harvested on time.

ONE KILLED AS CAR PLUNGES IN CANAL, REPORT

One woman was killed and another seriously injured last night when a motor car plunged over the embankment and into the Arizona Canal near the Granite Reef dam, according to information which reached the sheriff's office at a late hour. According to the report, the body of one woman was pinned beneath the motor car, under the water of the canal, and could not be extricated. The body had not been found early this morning.

A party from the sheriff's office immediately started in motor cars for the scene of the accident, but at an early hour this morning had not been heard from. The names of the two women could not be learned.

From what meager information could be obtained from Granite Reef, it was understood that the motor car containing the two women and at least one man plunged over the canal bank near the dam and turned turtle, pinning one of the women beneath it. The other woman, though injured, was reported rescued. Nothing was known concerning the other member or members of the party.

Latest reports were to the effect that the body pinned beneath the car had not been recovered, though the waters in the canal had been shut off.

It was reported at 3 o'clock this morning that the body seemed to have been washed down the canal and that the search was being continued on this presumption.

"TOGGERY" TO START INTRODUCTORY SALE

GLENDALE, May 15.—The Glendale branch of the Toggery is putting on a special introductory sale commencing Saturday, May 17. This store is becoming popular with the Glendale people who desire a good line of goods to choose from. Such stores as the Toggery are what keep trade at home.

Big Real Estate Deal
R. T. Clark of Myers and Carrick sold the ranch belonging to J. F. Lewis which is known as the old Green ranch to H. S. Phillips of Montana. This ranch consists of eighty acres and sold for \$28,000. It is not far from town and is one of the best ranches in this district.

More New Houses
Many new houses are being finished here. Luckily, some of them will be for rent or for sale. With the coming of summer the demand for houses is increasing instead of diminishing, as might be expected. George Frohman is having a house built in Catlin Court, with Frank Stiggs doing the work. Mr. Woodruff is nearly through with a modern cottage on his block in Catlin Court, where he intends to build several more. A. A. Carrick has just completed one house and is having the work started on another also in Catlin Court. The Baptist parsonage, which will be a fine residence, is nearing completion; C. H. Hunter is finishing a big pebble-dash house on the block recently purchased in Park addition and numerous other residences are under way. This goes to show that we are building up, but still the demand exceeds the supply.

Christian Science Meeting
The Christian Science society of Glendale holds regular services at the W. O. W. hall every Sunday morning at 11 o'clock, and every Wednesday evening at 8 o'clock. The subject of this week's lesson is "Mortals and Immortals." Golden text: 1 Corinthians 15: 53. This corruptible must put on incorruption, and this mortal must put on immortality.
Sunday school is held every Sunday morning at 10 o'clock, where children under 20 years of age are welcome.

DIRECTS FOREIGN AFFAIRS OF TINY HOLYLAND STATE

Abdullah Bey Khouri Saadi.

Abdullah Bey Khouri Saadi is the director of foreign affairs in the little government of Lebanon. The population of this small section of the Holy Land is only about 250,000. Since the Druse massacres of the Christians in 1860 the district has been under the protection of the European powers.
